Ergonomic structural design

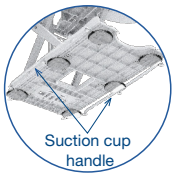

- It is more comfortable to bath with an adjustable backrest which fits the bathtub perfectly.

- It is safer to use and easier to get in and out of the bathtub with a wider padded seat.
- It is softer and more comfortable with a newly upgraded padded seat.

Ultra-high safety performance guarantee

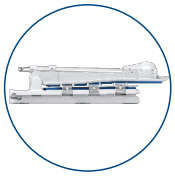

- The bottom of the seat is equipped with 6 strong suction cups for better anti-slip ability.
  And the handle on both sides of the suction cup helps separate the cup from the bathtub more quickly.

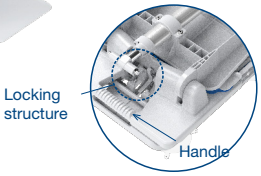

- With a quick charge of 2.5 hours,
  it can be operated more than 10 times continuously.

Easy to carry and widely used

- It is easy to transport and carry with a compact appearance and foldable storage structure.

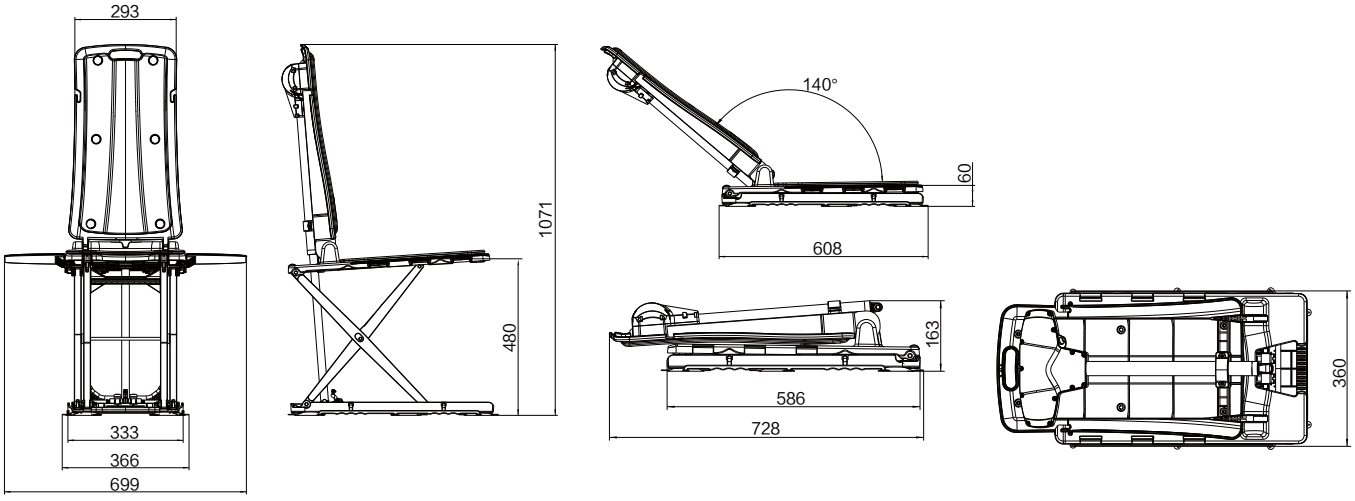

- It is easy to pick up with a humanized handle design and the seat is more stable with an automatic locking structure.

Technische Daten

Charging voltage	100-240V 50/60Hz max 0.8A
Battery Pack	14.8V 2.2Ah
Charging time	2.5h
Operating times	More than 10 times
Rated load	1400N
Minimum height	60mm±5mm
Maximum height	480mm±5mm
Product Specification	728 x 360 x 163mm
Package specification	710 x 405 x 280mm
Quantity loaded	About 672 cartons
IP Grade	IPX8
Weight	14kg(Refer to actual object for differences)

Note: MDR certification is applying
